

Dr Doc Box™

Introducing the ultimate technical teaching tool for rowing!

The Original Complete Rowing Station™ .

Instruct a novice or refine the varsity right at your dock. You can also create your own rowing tank at the pool for winter training!

“The best teaching tool since the video camera”

Director of Rowing Upper Merion High School - Brian Perkins 2007

The “Dr.” (Dockside Rower) is a complete rowing station. It features a Uni-constructed, Maintenance-free Composite rowing station. Complete with Adjustable foot stretcher (height and length), Nylon retainer strap, Adjustable tracks, Concept II oarlock with 5cm quick height adjustment. Choose your rigger configuration (port or starboard) and you’re just about ready to go!... *(oars are NOT included)*
